

**Air Program Advisory Forum
April 28, 2005
Meeting Notes – brief outline of items discussed**

Status Update – Past Committees

Operating Permit Rule Change – Basic and Intermediate 10 CSR 6.065

Status: Missouri Air Conservation Commission adopted rule on April 28, 2005

Rule effective: August 30, 2005

Insignificant Rule Change and State Implementation Plan (SIP) Revision 10 CSR 6.061

Status: Rule effective as of February 28, 2005

SIP Revision submitted to EPA Region VII April 6, 2005 – still pending

New Source Review Reform Rule Change and SIP Revision 10 CSR 6.060 Section (8)

Status: Rule effective as of December 31, 2004

SIP Revision submitted to EPA Region VII February 2005 – still pending

Lithographic Printing Policy

Status: Policy finalized April 27, 2005

The Air Pollution Control Program (APCP) has already utilized new policy with three current projects. With the new policy, all three projects resulted in “no permit required” determinations.

MOEIS PAQ30 project

Rick McFarland and Cheryl Hickman were unable to attend the meeting. However, Leanne Tippet Mosby reported on the status. “The EIQ data transfer project is proceeding as planned. Each of the EIQ forms is being reviewed and some require modifications. Those forms requiring a modification require a 45 day interval for public review and feedback.” (As required by state rule 10 CSR 10-6.110) The forms are currently on public notice and the program is accepting comments through June 14, 2005. The revised forms are available for viewing at:

<http://www.dnr.mo.gov/alpd/apcp/MOEISupdate.htm>

Please forward all comments or questions that you may have regarding these forms to the Air Quality Analysis Section of the Air Pollution Control Program at P.O. Box 176, Jefferson City, MO 65102 or by phone at (573) 751-4817.

Program Policies, Rule Interpretations and Clarifications

The APCP reviewed the written policies and rule interpretations that are currently used by staff. All of these documents, including the lithographic printing policy discussed above can be viewed at: <http://www.dnr.state.mo.us/alpd/apcp/AirAdvisory/airpolicies.htm>

Fee Rule Update

Carolyn Kliethermes and Sara Pringer from the APCP presented an updated presentation to the Air Advisory Forum regarding the proposed emission fee for next calendar year. The APCP is proposing an emission fee rate of 35.50 per ton. Carolyn’s presentation is available on the Air Forum website: <http://www.dnr.state.mo.us/alpd/apcp/AirAdvisory/APCPstakeholder.htm>

Notice of Violation Discussion

Steve Feeler, APCP, presented a draft policy on issuance of NOVs and Letters of Warning. Comments were solicited and requested by May 13, 2005. The APCP will present the final document at the next forum meeting.

Other Topics Discussed

The Water Pollution Control Program has developed a forum group, the Clean Water Forum. The first meeting was May 25, 2005.

Topics “Under Development”

At the request of Kevin Perry, RegForm, the APCP added this section to the forum meeting. Kyra Moore, APCP, presented topics that the APCP is discussing internally and intends to bring to the forum at future meetings. The topics include: 10 Day Reporting/Title V Gap Filling, Process Weight Rule, State Rules rescinded but still in SIP, Regulatory Time Frames for public hearings

The meeting was adjourned after a brief discussion of the next meeting date. The next forum meeting is Wednesday, June 22, 2005, from 10:00 am – 2:00 pm at the James C Kirkpatrick State Information Center, Secretary of State Building in the Interpretive Center.
